SKILLS

Languages: JavaScript, TypeScript,
Technologies & Tools: HTML, CSS, React, Tailwind CSS, SASS , Zod, Node, Express, MongoDB, Mongoose, Git, GitHub, Postman, VS Code

PROJECT EXPERIENCE

Task Management System   GitHub Repo   Live

A full-stack web application for managing tasks and team collaboration

- Role-based Functionality: Designed and implemented multi-role access (Admin/User) enabling role-specific permissions for task creation, editing, assigning users, managing todos, and handling file attachments.

- Modular Frontend with Validation: Built reusable form components using React, integrated React Hook For Zod for field-level validation, and applied Tailwind CSS for a clean, responsive UI.

- Secure Backend & Data Handling: Developed REST APIs using Express.js with JWT authentication, protected routes, MongoDB + Mongoose for robust data models (tasks, users, todos, attachments), and applied ObjectId validation across endpoints.

E-commerce Website   GitHub Repo   Live

A complete online shopping platform with product browsing, cart, and secure checkout

- User & Admin Functionality: Built full authentication system with JWT, supporting separate user and admin dashboards for managing orders, products, stock, and user access.

- Frontend with Dynamic UI: Developed a responsive, user-friendly interface using React and Tailwind CSS, with features like product filtering, search, cart updates, and order summary.

- Backend API & Database: Created RESTful APIs with Express.js and MongoDB (via Mongoose) to manage users, product listings, cart, checkout, and order tracking with full ObjectId and input validation.

PROFESSIONAL EXPERIENCE

Computer Instructtor   **Jan 2024 - March 2024**

NCCT Computer Training Institute

- Taught MS Excel, Word, PowerPoint, and Tally ERP 9 to students
- Designed practical assignments and tests for hands-on learning
- Helped students understand and use these tools for office work and small business needs

Data Entry Operator   **May 2024 - September 2024**

GABA Traders

- Entered large volumes of structured data into Excel and internal databases
- Created, sorted, and maintained digital records for inventory and billing
- Ensured data accuracy and timely reporting to relevant teams

EDUCATION

Advanced Diploma in Computer Applications (ADCA)
- NCCT Computer Training Instiutute, 2024

12th (Senior Secondary School Certificate)
- CBSE, 2022

ADDITIONAL INFORMATION

- **Languages:** English, Hindi.

Certifications: .
- JavaScript Mastery Course – Akshay Saini (YouTube: Namaste JavaScript)
- React & Redux Full Course – Complete Coding by Prashant Sir (YouTube)
